1:00 – 3:00 PM	<p>Concurrent Sessions</p> <p>Risk in Remediation (Panel Session) The purpose of this session is to demonstrate how we are using risk management in corrective action decision making. The expected outcome is for the audience to learn innovative approaches of risk management being applied at corrective action facilities and issue areas that may be considered for potential future ITRC collaborations on risk.</p> <p>Moderator: Daniel Clanton, Arkansas Department of Environmental Quality</p> <p>Panelists:</p> <ul style="list-style-type: none"> • Guy Tomassoni, U.S. Environmental Protection Agency • Rick Ehrhart, U.S. Environmental Protection Agency, Region 6 • Steve Shoemaker, DuPont • Daniel Clanton, Arkansas Department of Environmental Quality • Kathy Owens, ITRC Public Stakeholder, University of Idaho 	Presidential Ballroom
	<p>Long-Term Stewardship Technology and State Needs Workshop</p> <p>This session is an interagency workshop involving states, DOE, DOD, and EPA representatives. State regulators' perspectives will be highlighted through the results of a survey conducted by the ITRC Radionuclides Team. Various federal agencies will share current activities related to this challenge and elaborate on the future direction of activities in long-term management of contaminated sites. This session will help focus ITRC's efforts in this area and explore potential collaborations for activities with federal partners.</p> <p>Moderator: Tom Schneider, Ohio EPA</p>	Pan American Room

Panelists:

- Dave Geiser, U.S. Department of Energy, Office of Science and Technology
- Jeffrey Short, U.S. Department of Energy, Office of Science and Technology
- James Woolford, U.S. Environmental Protection Agency, Office of Federal Facilities and Reuse Remedial Optimization Process
- Mario Ierardi, Department of Defense

3:00 – 3:15 PM Break

Upper Lobby

3:15 – 5:15 PM **Concurrent Sessions**

Examining Risk Approaches (Interactive Discussion Session)

Presidential Ballroom

This interactive discussion among five states will explore differences that exist across states in the development and application of risk-based values. This session will also highlight how these differences impact technical decision-making at remedial sites. Resulting issues may be considered for potential future ITRC collaborations on risk topics.

Moderator: Carl Spreng, Colorado Department of Public Health and Environment

Panelists:

- Steve Dizio, California Department of Toxic Substances Control
- Mavis Kent, Oregon Department of Environmental Quality
- Keith Collinsworth, South Carolina Department of Health and Environmental Control
- Steve Roberts, University of Florida
- Tom Harris, Louisiana Department of Environmental Quality

New Member Q&A

Ohio Room

How do I become a member of ITRC? How can I get copies of documents? What training courses are available? How do I get reimbursed for travel? If you are new to ITRC or are considering joining, this informal Q&A session offers an opportunity to ask questions of staff and existing members in an open house-style forum.

Moderator: Rick Tomlinson, ITRC Program Director

5:30 PM Exhibits Close

Friday, November 8

OPEN FOR MEMBERS AND INVITED GUESTS

7:00 AM – 3:00 PM	Registration	Upper Lobby
