

2010 ITRC Awards

Each year the ITRC Board of Advisors honors several individuals and a technical team who they believe have contributed over and beyond to the accomplishment of the ITRC mission and who have demonstrated leadership and innovation. In addition, ITRC Team Leaders honor one Industry Affiliate Member Company with an award as well that honors their contribution to the work of the team. IAP member companies selected for this award receive the benefit of reduced dues for 2011 membership. The below list contains the winners of these awards for 2010. These individuals and team were also publically recognized during the Fall Meeting's Plenary Session.
